

Oh Henry!

Hi, my name is Henry. I am 12 years old, and boy, do I love computers! Go ahead, I've heard the Snickers before. People think that I am from Mars or the Milky Way because I love computers. Even my sister (I call her Baby Ruth) thinks that I am nutrageous. She always says, "I don't see what you find fun about those whatchamacallits." Who needs sisters anyway?

You see, I am all butterfingers, so I don't fit in at sports. I can't hold on to a ball to save my life. Therefore, computers are perfect for me. I think of my mouse, my keyboard, and me as the 3 musketeers. So, every time I think about computers, I get so excited that I do the tootsie roll!

Laugh now. It's okay. When I grow up I want to be a computer programmer. You wait until payday and see the mounds of money that I'll be making! We'll see who'll be laughing then.

The end

Directions:

1. Open "Oh, Henry!" story from the 3rd grade folder (filename: henry story).
2. Center, **bold**, and underline the title.
3. Change the font size of the title to **24** points.
4. **Bold** all words that are the names of candy bars. (Hint: there are 12, including the title)
5. Change the **color** of each candy bar name.
6. Change the font type of the entire document to "Bradley Hand ITC."
7. Change the font size of the entire document to 14 points (except the title. Leave that at size 24).
8. Center and *italicize* the last line. ("The End" is the last line)
9. Underline the words "computer" and "computers" every time it is used.
10. Insert a suitable clip-art image.
11. **Type your name at the bottom of the document.**
12. Save the document in YOUR HOME DIRECTORY under the file name, henry (1st 3 letters of your teachers name) (your initials).
